40+ ONLINE SESSIONS

With over 40 online sessions, we've reimagined what it means to Connect in 2020. From platforms demos to interactive case studies to meditation to wine and chocolate tastings you'll connect with the ideas, inspiration, and people you need to reset, recharge, and plan for success.

FRAMEWORK FOR ENGAGEMENT

Connect 2020 features over 40 live sessions, all taking place on Tuesdays, Wednesdays, and Thursdays in October. Events will take place both live, and in moderated forums. All educational sessions will be archived. Connect participants will network and collaborate in an event community featuring discussions, platform groups, session archives, and more.
